

Frontline First Aid

EMR Course Preparation Checklist

Download and review the [EMR Study Guide and accompanying files](#) to make sure you have your assignments completed in time for each EMR class.

Complete your EMR Study Guide as soon as possible...to avoid getting behind once the course starts.

You will also need to make arrangements to pick up your [Emergency Care Manual](#)...as most of the answers to your Study Guide can be found in the Manual. [Contact Us](#)...if you have any questions regarding your EMR course.

A [link to open this Preparation Checklist as a PDF](#), so you can click the links below, is included in the Confirmation email you received after Registration.
